Q3 FY 2015 – Results Discussion

- Q3 FY2015 has been a very satisfying quarter for us.
 - ✓ This was primarily owing to improving sentiments and increasing footfalls in our showrooms, the wedding and festival season in Q3, launch and aggressive marketing of the unique Flexia collection
 - ✓ Despite the reduction in the gold prices by 4.9% from 31 Dec 2014 to 31 Dec 2015 , the overall retail domestic sales have grown on account of volume growth and increased footfalls with newer customers coming in
- Overall Sales for Q3 FY 2015 was Rs. 18,217 mn (40.3% higher than Q3 FY 2014)
 - ✓ Of this, domestic retail sales contributed Rs. 12,979 mn (growth of 25.5% as compared to Q3 FY 2014)
- Company has experienced overall same store sales growth of ~10%. Same store sales growth in metro locations has been flattish, however, the same store sales growth from Tier 1 and Tier 2 cities has been around 15%.
 - ✓ The balance growth has come from the new stores opened during FY 2014 and FY 2015 till date.
- Company also launched a unique detachable diamond jewellery collection Flexia in Q3 which has received very good response from customers
- With the restoration of Gold on Lease scheme, company has gradually moved to having all the gold on lease basis. Currently nearly 95% of the gold inventory is on lease basis.
- We set up a focussed ecommerce vertical www.WearYourShine.com in Oct 2014 with an aim to become India's finest online fine diamond jewellery portal focusing 100% on customer experience, pricing and designs. We have also done tie-up with Flipkart and Snapdeal for online jewellery sales
 - ✓ Strong online presence will help us attract younger generation consumer as well as working women. Low to Medium ticket online sales will help us target the potential high-ticket wedding customers at an early stage. We are confident that a regular visitor/ buyer at PCJ website (www.WearYourShine.com) will definitely visit/ prefer nearby PCJ Showrooms when she/ he has to evaluate a high-ticket wedding jewellery purchase.

Q3 FY 2015 – Results Discussion (Cont'd)

- Domestic margins increased to 17.58% in Q3 FY 2015 from 15.46% in Q3 FY 2014. Key reasons for this growth have been
 - ✓ Significant growth in the diamond jewellery contribution in this quarter owing to launch of unique Flexia Collection (diamond jewellery contribution grew from 27.31% in Q3 FY 14 to 35.00% in Q3 FY 15). On a steady state basis, we expect diamond jewellery to contribute to ~30-32% of the total domestic retail sales for next 2-3 years.
 - ✓ Increased focus on designer hand-made gold jewellery where making charges are typically higher as compared to machine made jewellery items
- Export margins for Q3 FY 2015 were 9.04%, which are in line with the steady state margins. However, export margins keep varying from Q on Q due to forex rate movements and restatement of debtors and creditors on the closing date
- EBIT for Q3 FY 2015 was Rs. 2,016.8 mn (44.1% higher than Q3 FY 2014). Of this, domestic retail EBIT contributed Rs. 1,552.3 mn (76.97%).
 - ✓ **We would highlight while domestic retail sales have grown by 25.5%, domestic retail EBIT has grown by over 53.3% as compared to Q3 FY 2014**
- PBT margins have declined due to reduction in other income.
- PAT for Q3 FY 2015 was Rs. 1,092.9 mn (as compared to Rs. 799.8 mn in Q3 FY 2014, a growth of over 36.6%)

Q3 FY 2015 – Results Discussion (Cont'd)

➤ Advertisements

- ✓ Advertisements costs for Q3 FY 2015 grew to 2.22% of domestic sales
- ✓ The growth has been on account of new national TV and Print campaigns launched in the month of October as well as the extensive advertisement for the festive and marriage season.
- ✓ Our new TV Campaign based on Women Empowerment has been appreciated by large set of customers and critics

➤ Finance Costs

- ✓ Finance Costs for our computation consists of both Interest Cost and Lease Cost. Finance costs in Q3 FY 2015 were Rs. 570.8 mn (3.13% of sales) as compared to Rs. 404.5 mn (3.12% of sales) in Q3 FY 2014.
- ✓ The company has been able to stabilize its finance cost inspite of increase in operations (from 40 showrooms ending Q3 FY 2014 to 48 showrooms ending Q3 FY 2015)
- ✓ We have gradually moved to gold on lease model (currently 95% of the gold inventory is already on lease) which will help us reduce the finance costs in the coming quarters

Q3 FY 2015 – Results Discussion (Cont'd)

➤ Rentals

- ✓ Overall Rental cost grew to Rs. 101.5 mn in Q3 FY 2015 from Rs. 89.5 mn in Q3 FY 2014 (growth of 13.4%)
- ✓ This was on account of increase in total showrooms from 40 to 48
- ✓ However, the rental %age to sales has declined from 0.69% in Q3 FY 2014 to 0.56% in Q3 FY 2015

➤ Employee Cost

- ✓ Overall Employee cost grew to Rs. 149.8 mn in Q3 FY 2015 from Rs. 121.5 mn in Q3 FY 2014 (growth of 23.3%)
- ✓ This was on account of increase in total showrooms from 40 to 48
- ✓ For the domestic retail business, the employee cost is ~1% of the retail turnover

Recent Industry Updates

- PC Jeweller has recently been designated as Nominated Agency by the Additional Director General of Foreign Trade (CLA), Ministry of Commerce & Industry, Department of Commerce, New Delhi
 - ✓ This permission makes the company eligible for direct import of Precious Metals (Gold/ Silver/ Platinum) for domestic business
 - ✓ We believe direct import of precious metal will help us lower the interest on gold loan and other associated costs and should have a positive impact on our RoE.
- RBI has also recently relaxed gold procurement guidelines by withdrawing the 20:80 Scheme. This has reduced overall premiums on the gold and smoothed the gold supply chain. This coupled with the restoration of Gold on Lease scheme has removed the regulatory overhang on the sector
- Make in India
 - ✓ Government has brought Gems and Jewellery under the prestigious 'Make in India' programme with a vision to make India a Global Hub for jewellery processing
 - ✓ The focus is on skill development and hence Jewellery is one of many sectors that government has identified for 'Make in India'.

Recent Industry Updates (Cont'd)

➤ FICC and WGC Recommendation

- ✓ FICCI and the World Gold Council (WGC) have also recently issued a report wherein they have given recommendations to Indian policy makers with a focus is on establishing an India Gold Exchange to ensure pricing standardisation, increased transparency and improved supply and demand analysis.
- ✓ The recommendations also mention standardisation of gold so that buyers and sellers can have faith in both the quality and price of their products.
- ✓ The suggestion is to introduce guidelines for compulsory quality certification of all forms of gold to encourage accountability. Such compulsory certification is a strong consumer friendly initiative and will be a strong boost to organized jewellery retail.
