Recommendation Rationale

- **Robust Order Book and Healthy Pipeline:** The management anticipates an upcoming real estate portfolio of 3.9 mn sq. ft. in addition to its ongoing projects in the coming years. It has indicated a potential revenue of over Rs 7,600 Cr from upcoming projects in locations such as Dahisar, Goregaon, Marine Lines, Pali Hill, and Ghatkopar, among others. The management has provided guidance on real estate sales visibility amounting to Rs. 15,000 Cr, which includes both ongoing inventory and upcoming launches. Additionally, its EPC business order book remains healthy at Rs 823 Cr.
- **Asset Light Model and Financial Discipline:** The management is focused on adopting an asset-light business model, emphasizing Joint Ventures (JV), Development Management (DM), and Redevelopment projects. This approach is expected to enhance the company's bottom-line performance without straining the balance sheet. By combining this model with financial discipline, the company aims to achieve scalability and ensure timely project completion. Currently, its debt-to-equity ratio stands at -0.4, indicating a favourable financial position. Moreover, the company is cash-flow positive, with an Operating Cash Flow (OCF) of Rs 572 Cr. It maintains liquidity of Rs 741 Cr. and boasts impressive profit margins, with a 25% EBITDA margin and 24% PAT margin, which are anticipated to further improve, particularly for ultra-luxury projects.

Sector Outlook: Positive
Company Outlook & Guidance: We maintain a **BUY** rating on the stock as we continue to remain positive on the company's long-term prospects.

Current Valuation: DCF-based valuation

Current TP: Rs 270/share (Earlier TP: Rs 270/share).

Financial Performance: MICL reported a revenue of Rs 1,263 Cr in FY24, reflecting a decline of 33.2%. The EPC business contributed Rs 737 Cr, while the Real estate business recorded revenue recognition of Rs 527 Cr. MICL reported an EBITDA of Rs 326 Cr and achieved a lifetime best PAT of Rs 300 Cr, marking a 16% increase and demonstrating an impressive PAT margin of 24%. The rising PAT reflects profits from Joint Venture (JV) projects. The company has further reduced its debt to Rs 130 Cr and is net cash positive, with a cash balance of Rs 237 Cr. Through the preferential route, MICL raised Rs 543 Cr, earmarked for working capital requirements, business expansion, and fixed asset purchases. Outlook

With the company's focus on major redevelopment projects and the swift completion of three significant projects spanning 9.5 Lc sq. ft. of carpet area in FY24, we anticipate it to sustain its growth momentum. MICL possesses a substantial pipeline of upcoming projects characterized by high profitability and a low cash outlay matrix. Leveraging Mumbai's redevelopment potential market and its expertise in delivering superior projects promptly, the company is poised for growth and successful launches of future projects. Furthermore, MICL has obtained Occupation Certificates (OC) for its Miami Villa project and maintains a strong EPC order book worth Rs 823 Cr. Its business model innovation provides multiple income streams, diversifying risk and enhancing return opportunities. Coupled with the upswing in the real estate cycle and its regional expertise, as well as a net cash position of Rs 741 Cr, we expect MICL to deliver superior performances.

Key Highlights & Concall Takeaways

- **Real Estate Business** – MICL has established a strong presence in the redevelopment sector within the Mumbai region, known for delivering high-rise projects in record time, typically within 3.5 to 4 years. Currently, the company's ongoing order book encompasses an area of 2.1 Mn sq.ft., with upcoming projects spanning 3.9 Mn sq. ft. FY24 marked a significant milestone, with the successful delivery of three major projects totalling 9.5 lakh sq.ft., well ahead of schedule. Additionally, MICL launched two ultra-luxury projects - Aaradhya OnePark and Aaradhya Aavaan - with a combined area of 10.8 lakh sq. ft.
- **Strengthening portfolio:** MICL has further strengthened its portfolio by acquiring four projects spanning 27.5 lakh sq. ft. in Pali Hill, Ghatkopar, Marine Lines, and Goregaon. This expansion solidifies its presence in South Mumbai, complementing its strong position in the suburbs. Additionally, the company successfully raised Rs 543 Cr through preferential shares to fuel future expansions. With a remarkable sales performance, MICL has sold approximately 96% of the inventory in completed projects. Notably, it has already sold inventory worth Rs 333 Cr in Ghatkopar OnePark, accounting for 25% of the total available inventory.
- **Sales and collections:** During FY24, MICL sold approximately 3.0 lakh sq.ft. of Carpet Area, with sales totalling Rs. 744 Cr. In Q4FY24 alone, they sold around 1.5 lakh sq.ft. of Carpet Area, generating sales of Rs. 391 Cr. Additionally, collections amounted to Rs. 1,197 Cr during FY24 and Rs. 376 Cr during Q4FY24.
- **Upcoming sales:** The management anticipates upcoming sales, including a JV project in Goregaon, Phase 2 of the Vile Parle project under the DM model covering an area of 3.5 lakh sq.ft., the Marine Lines project spanning 5.25 lakh sq.ft., and a Pali Hill JV where they hold a 33% equity share. These projects are expected to contribute to sales totalling approximately Rs. 15,000 Cr. In FY25, the company is expecting launches of 11.5 Lc.sq.ft. culminating to 4,250 Cr revenue which also includes Mira Road's remaining 2 towers.
- **Overseas projects:** The company received an OC (Occupancy Certificate) for the 2nd Miami project – the residential villas. This is a project in tangency with Ritz Carlton by Marriott and the sale for the same is expected by Q3FY25. It is also focusing on community living projects and is only looking at Florida as of now.
- **EPC Business:** The company's current order book stands at Rs 823 Cr, covering 110 hectares of ports and 3.8 Mn sq. ft. of ongoing projects. In Jun'23, it secured an EPC order worth Rs 680 Cr for Phase II of Bharat Mumbai Container Terminal Private Limited (BMCTPL) for pavement works on JNPT, Navi Mumbai. Looking ahead, the EPC business is poised for further expansion in the upcoming financial year, supported by the in-house Real Estate EPC order book. The company is also eyeing future government infrastructure port projects, anticipating better margin prospects.

Key Risks to our Estimates and TP

- **Rise in Input Costs and Regulatory Changes:** Fluctuations in input prices have the potential to impact margins, while delays in approval processes could hinder cash flows.
- **Adverse Changes in the Interest Rate:** An additional increase in interest rates could potentially dampen the demand for housing, thereby affecting the margins of the company. This underscores the importance of closely monitoring macroeconomic indicators and adapting strategic approaches to mitigate potential impacts on MICL's business operations.
- **Government Policies:** Any significant changes in government policies related to the 'Affordable Housing' subsidy scheme or alterations in government support could potentially have adverse effects on the company. MICL should remain vigilant and adapt its strategies accordingly to navigate potential impacts on its operations and financial performance.
