# Strategic alliance with Adani long-term positive

PSP Projects (PSPPL IN) recently signed a definitive agreement with Adani Infra (100% owned by the Adani Group) to sell ~30.07% stake (~50% of total promoter stake of ~60.14%) for INR ~6.9bn, valuing the company at INR 22.8bn. The strategic partnership augers well for both parties: it will not only help Adani Infra to strengthen its building segment along with current project management consultancy (PMC) exposure to large infrastructure areas, such as ports, roads, airports, water, data centers, power projects, cement, and T&D but also help PSPPL increase scope of new work orders within its core building sector by getting projects from the Group. With existing promoters and management team continuing with an equal stake in the partnership, this strategic alliance is likely to strengthen growth prospects and value creation in the long term. We retain our positive stance on PSPPL. We reiterate **Buy** with a TP of INR 792. The deal is subject to regulatory approval, including completion of the open offer (despite the open offer, 50:50 partnership would be maintained). **Key Risks:** Any adverse news against the Adani Group will have a negative impact on the stock.

**Partnership to unlock large opportunities:** Currently, PSPPL's forte is timely execution of complex and unique building structures on an Engineering Procurement and Construction (EPC) basis along with precast capacity of 1.0mn sqft at Ahmedabad. Out of current orderbook of INR 65bn, ~INR 5bn (8% of total) is from the Adani Group. However, with the Group's larger presence across the infrastructure sector, it could unlock more opportunities while still focusing on the core buildings segment. While order inflow target retained at INR 35bn for FY25 (YTD received INR 17bn), management aims to focus on large airport projects at Ahmedabad, Mumbai, and Trivandrum worth INR 30bn, the Dharavi redevelopment and the Mundra precast work in the medium-tolong term. Besides the Adani Group, the company will continue to bid for profitable third-party contracts. EBITDA margin is likely to sustain above 10%. Any additional capital requirement to be funded through debt and equity infusion will adhere to agreed shareholding proportion.

**Reiterate Buy with a TP of INR 792:** PSPPL was incorporated in CY08 and went public in CY17 at a price of INR 210 per share. In the past 16 years, the company has focused on its core competency, profitable growth, and value creation. We believe this strategic partnership with the Adani Group could be a win-win proposition. <u>We remain positive and expect a revenue CAGR of 15%, an EBITDA CAGR of 15% and a PAT CAGR of 19% during FY24-27E. We factor in INR 35-40bn worth of order inflows each year for the next three years. There could be upside potential to our inflow estimates post the deal finalization. Hence, we reiterate **Buy** with a TP of INR 792 on 15x FY27 P/E.</u>

**Deal Structure**: Adani Infra has signed a definitive agreement with PSPPL to acquire ~30.07% stake from promoter for ~INR 6.9bn at a price of INR 575/share. This would trigger an open offer from public shareholders for another 26% stake at INR 642/share. To maintain 50:50 shareholding for both entities, the share acquired through the open offer will reduce the quantum of stake sale by promoters. Post acquisition, the company will be jointly owned and will have lock-in period of five years before any further sale, giving the first right of refusal to each counterparty. PS Patel will continue to serve as Chairman, MD & CEO and existing management team will continue with business operations, and Adani Infra will get equal rights & representation on the board.
